### Biographical Sketch

Research Director at the Human Nutrition Unit, INRAE and University of Clermont Auvergne, Clermont-Ferrand, France, Editor-in-chief of the “Magnesium Research”- Official Journal of the International Society for the Development of Research on Magnesium. His lab is involved in research aimed at providing knowledge of the mechanisms by which nutrients, in particular micronutrients, contribute to the prevention of age-related diseases. His research on magnesium has been focused on its role in inflammation and the CVD risk as well as on magnesium status assessment.
